36" DESIGNER GAS

Verona® represents innovative Italian-crafted appliances for the home and is exclusively imported by EuroChef USA. The Verona brand continues to be committed to exceptional quality and steadfast performance in residential cooking appliances including ranges, cooktops, wall ovens, ventilation systems, dishwashers & refrigerators. Verona cooking appliances are designed and assembled in Italy and represent decades of tradition, continuous technological research and relentless innovation. The brand delivers functional products that pack performance and elegance for the devoted home chef with a passion for design.

The Verona Range Collection will take any kitchen to the next level of beauty and performance. Each piece brings together the finest materials, desirable features and highest-level functionality. The assortment features three beautifully crafted collections that are available in multiple sizes, fuel type options and brilliant color choices. Each model is equipped with the most sought after features including multi-function ovens, powerful burners, high-quality finishes and hand-finished details for the ultimate residential pro-style range.

Create a cooking space that exudes luxury, enhances performance and seamlessly coordinates with any Verona cooking appliance for the perfectly paired kitchen of your dreams.

DOUBLE ELECTRIC OVEN

PRESTIGE SERIES

The Prestige Series of 36" electric, dual fuel and all-gas ranges combines all of the features from Verona that customers have grown to love with an upgraded look that is only surpassed by its high-powered capabilities. The collection is available in either a large capacity single oven or an exclusive and functional double oven configuration. Beautiful continuous cast iron grates, sleek beveled doors and brilliant color choices are the perfect combination for any kitchen design.

N-SERIES

This popular series of ranges includes two versatile all-gas models in 30" and 24" choices, both packed with high-efficiency gas burners and commercial style broilers. Each model is built with full-width storage compartments and can be customized with color and handle options to match any kitchen style.
