

Verona® represents innovative Italian-crafted appliances for the home and is exclusively imported by EuroChef USA. The Verona brand continues to be committed to exceptional quality and steadfast performance in residential cooking appliances including ranges, cooktops, wall ovens, ventilation systems, dishwashers & refrigerators. Verona cooking appliances and its Designer Ventilation Collection are designed and assembled in Italy and represent decades of tradition, continuous technological research and relentless innovation. The brand delivers functional products that pack performance and elegance for the devoted home chef with a passion for design.

The Designer Ventilation Collection is Verona's premier hood line and will take any kitchen design to the next level of beauty and performance. Each piece brings together the finest materials, desirable features and highest-level functionality. The Collection features three beautifully crafted styles, multiple sizes and brilliant color choices. Each model is equipped with the most sought after features, including powerful multi-speed fans, LED task lighting, stainless steel filters and hand-finished edges and seams for the ultimate home kitchen ventilation system.

Create a cooking space that exudes luxury, enhances performance and seamlessly coordinates with any Verona cooking appliance for the perfectly paired kitchen of your dreams.
